TOUR 5 SUMMITS HIKE

Riesneralm – Finsterkar – 5 Summits Hike

Directions: This beautiful tour leads over five peaks in the Schladminger Tauern. A varied and very scenic tour high above Donnersbachtal.

At the exit of the chairlift, immediately turn left and follow the markings towards Finsterkaralm, walk past the huts on a narrow hiking trail up towards Finsterkarsee. A wonderful place for a short rest.

We continue along the path up to the ridge. Follow the path that leads below the Finsterkarspitze past the Großer Bärneck. Surefootedness is required here, because the path drops steeply to the left-over meadow slopes into the Sölkta. After a good 30 minutes, you reach the second summit.

Short descent into the saddle and up to the Silberkarspitze. Continue along the ridge to the Gstemmerscharte. The two peaks, Sonntagskarspitz and Schwarzkarspitz can be easily climbed here, or you can cross below the two over towards the Möbnscharte. Then you have completed the last meters of altitude.

Continue the Schusterboden to the northeast. From the tree line, the path leads steeply down into the Mörsbach valley. You can experience the abundance of water up close, because large parts of the path are always wet.
